Professional Summary

Software Engineer (MCA 2024) with hands-on experience building full-stack web applications using React and Django. Strong foundation in Data Structures, OOP, and backend system design. Experienced in building RESTful APIs, authentication systems, and integrating scalable backend services into web applications. Passionate about developing production-ready, maintainable systems and solving real-world engineering problems.

Technical Skills

Languages: Java, Python, JavaScript

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Backend: Django, FastAPI, REST APIs, JWT Authentication

Databases: SQL, SQLite, MySQL

Frontend: React.js, Redux, HTML, CSS, Tailwind CSS

Tools: Git, GitHub, VS Code, Render, Vercel

Projects

AI-Powered CRM System

React | FastAPI | Lang Graph | Llama 3.3 | Redux | SQLite | [Live](#) | [GitHub](#)

- Built a full-stack CRM system that automates data entry using a natural language chat interface
 - Designed an agent-based workflow using LangGraph and LLM tool-calling to extract structured entities and trigger backend operations
 - Developed a React + Redux interface where form state is dynamically updated using structured JSON outputs
 - Implemented a FastAPI backend for request handling, validation, and secure execution of responses
 - Deployed the system using Render (backend) and Vercel (frontend)
-

Full Stack Notes Application

React | Django | REST API | JWT | Tailwind CSS | [Live](#) | [GitHub](#)

- Built a full-stack notes management system with secure authentication and full CRUD functionality
 - Implemented JWT-based authentication for secure API access and session management
 - Designed RESTful APIs for seamless frontend-backend communication
 - Developed a responsive UI using React and Tailwind CSS for cross-device usability
 - Deployed the application using Render (backend) and Vercel (frontend)
-

Internship Experience

Cod Soft — Web Development Intern (Feb 2024 – Mar 2024)

- Developed client-side web applications using HTML, CSS, and JavaScript.
- Improved UI responsiveness and usability for demonstration projects.

The Sparks Foundation — Web Development Intern (Oct 2023)

- Built a donation platform with Razor pay payment integration.
 - Assisted in deployment and user testing of the application.
-

Education

MCA, Kaziranga University (2022–2024) — CGPA: 7.55

BSc IT, Kaziranga University (2019–2022) — CGPA: 7.65

Certifications

- Python Data Structures & Algorithms — Udemy
- AWS Fundamentals — Udemy
